Attached is our current schedule for the CZARA work items.

These were discussed with EPA, NOAA, and DLCD during a conference call in mid-April. We have another conference call with EPA on CZARA in mid-June

Neil and Gene,

Has DEQ prepared and provided to EPA a document that includes the proposed schedule for implementing the Oregon Coastal TMDL approach? According to the settlement, it was due March 31. If so, could you provide it to me?

Likewise, there was a Jan. 31st deadline for additional detail on the approach. Could I obtain that as well?

Thank you,

Nina
